

Summit ESC Math Series – Strategies for Success Developing Students' Statistical Thinking

February 13th, 2018

8:30 am—3:00 pm

@

Summit ESC

*420 Washington Ave.
Cuyahoga Falls, OH 44221*

Credit Hours: 5.5

Cost: \$ 115.00

Target Audience:

*Grades 9-12 Math Teachers,
Coaches and Administrators*

Register Online:

<http://SummitESC.org/Events>

This session will examine the ways students develop statistical thinking.

Participants will examine the progression of learning from introduction to proficiency.

Tasks which support student learning will be shared as well as ways to assess students progress.

Presenter:

Stephen Miller

Summit ESC Math Consultant
